

AN IDAHO MURDER

"Dutch John" is Killed and Hidden by Cowboy Tex.

PROMINENT CITIZENS INVOLVED

Part of the Dead Man's Clothing Found in the Possession of B. F. Hake—A Young Mexican Girl is Shot.

BLACKFOOT, Ida., Nov. 8.—[Special telegram to THE HERALD.]—The people of Blaine county are in the midst of a case that promises to eclipse anything heretofore developed in the annals of crime in southeastern Idaho. From the meagre facts obtainable at this time, it appears that a cowboy of the name of John Andrews, better known as "Dutch John," was murdered about a month ago by a cowboy known as "Tex." The body was secreted and nothing known of the murder by the authorities until a few days ago. A dance was in progress about twenty-five or thirty miles northeast of Idaho Falls, at which a man named Williams and Deputy Walter Green were present. It seems that Williams becoming somewhat intoxicated said that he knew something about "Dutch John" being murdered and where his body could be found. Deputy Green took him out from this and forming a posse went in search of the body of "Dutch John," finding it as indicated by Williams. The body was badly decomposed and almost unrecognizable. Further investigation developed the fact that part of the clothing had been in the possession of B. F. Hake, a well known citizen of Lewisville and a prominent cattleman. The impression now is that Hake procured the killing of "Dutch John" in order to get his hands on the money which was in a suit brought against Hake by W. F. Melick, another prominent citizen of Blaine county. The fact that Hake and several other citizens of the county for a number of days without reporting it to the authorities gives the matter a bad aspect, so far as they are concerned. Hake and his nephew, Reed Hake, are under arrest. Their preliminary examination is to be held Tuesday morning before Judge Stevens. Some developments are expected, and it is said quite a number of prominent citizens are likely to be implicated.

Still Pursuing the Murderer.

BLACKFOOT, Ida., Nov. 9.—[Special telegram to THE HERALD.]—There are no new developments in the case of John Andrews, alias "Dutch John," who was murdered September 25 last by the cowboy "Tex." The posse who started in quest of "Tex" on Saturday has not yet been heard from although "Tex" is known to have been at the ranch of one Jarvis about twenty-five miles north of Soda Springs at 2 o'clock Sunday afternoon.

The preliminary examination of B. F. Hake and his nephew, Reed Hake, who are arrested as accessories, is set for tomorrow morning before the probate judge here, but in the event of nothing being heard from the posse who is looking for "Tex" it is probable the examination will go over until Wednesday. B. F. Hake is the firm of Hake & Redington, commercial merchants of South Omaha, Nebraska, and has been looked upon as a man of means and standing. He only recently located in this vicinity, having purchased a stock of merchandise at Lewisville, near Idaho Falls, but has been largely interested in cattle in this country for some time. The circumstances surrounding his case are very unfavorable. The fact that he was arrested "Dutch John" had been murdered and the further fact that he had secreted some of "Dutch John's" clothing in his possession for several weeks after the crime had been committed are damaging. The body of "Dutch John" is in the possession of Coroner Mitchell at Idaho Falls and the inquest will be held Tuesday at which time the true facts of the case may be elicited.

THE SAYWYRD CASE

It Comes Up Before the Supreme Court.

THE FULL BENCH WAS PRESENT

Carlisle Opened the Case on Behalf of the Owner—Solicitor-General Laffin Opened for the Government.

WASHINGTON, Nov. 9.—The United States supreme court chamber was crowded this morning with distinguished members of the bar, present to hear the arguments in the Saywyrd Behring sea sealers case. Solicitor-General Laffin and ex-Secretary of the Interior, Edmunds, Senator Mitchell, of Oregon, Representative Springer, of Illinois, and others were present. Besides Attorney-General Miller, Solicitor-General Tamm, Joseph Choate, of New York, and others who will take part in the arguments, Justice Bradley, who has been in feeble health for several months past, was present. The court will therefore hear this and other important cases and justice Bradley will take part in the hearing of such of them as his health will permit and the others will go without him.

What the court assembled Justice Bradley was not present, but he arrived and took his place on the bench just before the Saywyrd case was called, so the full court was present. This celebrated case arises out of the seizure of the Canadian sealer, W. P. Saywyrd, in Behring sea, for violation of the act of Congress prohibiting the sealers from catching seals within the waters of Behring sea. The vessel was seized under the admiralty laws of the United States and the United States court at Seattle, Wash., declared a forfeiture of the vessel. The suit was then brought to this court on motion for a writ of prohibition to stop the seizure and enforce its decree, the grounds for the motion being the contention that the court had no jurisdiction to try the case for the reason that it was committed more than three miles from the shore, and therefore under the law of nations, without the jurisdiction of the United States. By this method it is sought to secure an opinion from the court on a question which has been for a long time in controversy between the United States and Great Britain as to the exclusive right of the United States to seal fisheries of Behring sea.

The opening skirmish in this legal battle resulted in favor of Great Britain, the solicitor-general Laffin, who stated this afternoon a resolution will be presented at a meeting of the general committee to-night charging Mayor Wyman and the chief of the department of public safety, Murphy, with perjury and embezzlement.

Investigation of Mayor Wyman's Office.

PITTSBURGH, Nov. 9.—A member of the auditing committee appointed to investigate the affairs of the office of Mayor Wyman, Albany, N. Y., stated this afternoon a resolution will be presented at a meeting of the general committee to-night charging Mayor Wyman and the chief of the department of public safety, Murphy, with perjury and embezzlement.

CHICAGO, Nov. 9.—On behalf of Peter Jackson Parson Davies has extended to Frank Slavin a challenge to a finish fight, Queensbury rules, for a purse of \$10,000, which Jackson understands the California white club will put up. Jackson offers further to wager \$10,000 with the Slavin does not defeat him. The contest is to take place three or four months from signing the articles. Jackson says he makes this offer because he is anxious to settle the matter once and for all. He is not anxious to consider any offers until the expiration of his theatrical contract next June, and that the necessary time for training would make it nearly a year before John L. Sullivan fight. Jackson further objects to Slavin's claim of heavy weight champion of Australia, saying he still holds that title against all comers.

APPEAL TO IRISHMEN

The National League of America Issues an Address.

ORGANIZATION THE KEYNOTE

There Must be Union in Ireland First of All—Sallybury Comments on Balfour's Work in Ireland.

LINCOLN, Neb., Nov. 9.—M. N. Gannon, president of Irish National League of America, William Lyman, treasurer, and John P. Sutton, secretary, today issued a significant statement addressed to friends of Ireland in America. It refers to the rival factions inflamed with hate arrayed against each other in Ireland, and says those who would be naturally looked to there for council tending to peace and unity are foremost in fermenting the factional strife, adding that it is patent to every thoughtful man that the contending parties are too strong for one to politically destroy the other. Union between them is absolutely necessary to the success of the Irish cause and it must be a union of head and heart based on mutual concession. Even if every present aspirant to the leadership has to be forced into retirement it should be resolved of the Irish in America that no parliamentary factionalism is permitted, but that the people must be united in a common purpose to overthrow the tyranny of the British in Ireland. We believe in the manhood of Ireland and in the power of the people to force their parliamentarians to stop their quarrels or make way for other Irishmen to whom the interests of their country are of greater importance than their personal ambition or personal animosities.

GAMBETTA'S HEART.

M. Paul Bert Presents it to the Monument Committee.

The Incident Was Intensely French and Dramatic—The Monument Unveiled Amid Impressive Ceremonies—Pacific Speeches.

PARIS, Nov. 8.—Friday witnessed one of those intensely French incidents, picturesque and sensational, and the precursor of another incident to take place to-day. Friday afternoon, in answer to confidential invitations circulated quietly, one hundred gentlemen assembled at the rooms of a well known public man, and there with suitable ceremonial, speeches and other accessories of such an occasion, M. Paul Bert handed over to a committee appointed for the purpose of receiving it, a wooden casket containing the heart of Gambetta, which M. Bert, as the most sincere friend of the deceased statesman, has preserved carefully in spirits since it was removed from the dead body of the premier. Friday the president, the secretary and general committee of the monument committee, the great monument designed by Bartholdi to perpetuate the memory of Gambetta took formal possession of the casket and picked up the heart in the crypt of the monument which has just been completed. In accepting the trust the speakers dwelt upon the patriotism of Alsace-Lorraine, for the casket that contained the heart of Gambetta is made of wood from Alsace and partly of wood from Lorraine; a delicate compliment to the patriots of that province, whose contributions have paid for this monument.

The Monument to Gambetta Unveiled.

PARIS, Nov. 9.—Yesterday the monument erected by 15,000 natives of Alsace-Lorraine to the memory of Gambetta. The monument represents the great French orator bearing in his arms the French colors to the defense of Alsace and Lorraine. Never has Bartholdi done better work. M. Bartholdi told the New York Herald correspondent that many subscriptions came from New York, Chicago and San Francisco, and that he was very glad to see subscribers that their money has been well used. The monument is situated in the garden of the house where the great orator died. The monument is made of wood from Alsace and partly of wood from Lorraine; a delicate compliment to the patriots of that province, whose contributions have paid for this monument.

Balfour Reviews the Irish Constabulary.

DUBLIN, Nov. 9.—Balfour to-day reviewed the Royal Irish Constabulary in this city, and in bidding them farewell, said few of the former occupants of the office of Irish secretary had seen more troublous periods than he, and few had seen tested more severely the loyalty, discretion, forbearance and energy of the constabulary.

Sallybury on Balfour's Work in Ireland.

LONDON, Nov. 9.—At the lord mayor's banquet at the Guild hall this evening Lord Sallybury, in the course of an address, commented upon the legislation of the past session which, he said, was satisfactory to the government and acceptable to the people. Regarding Ireland, he said the work of Balfour, chief secretary, has done in that country in the last four years was the best ever done. Continuing, his lordship said: "What we have recently seen in Ireland has altered our policy, not that we have altered it, but that we have made it more realistic. The legislature in Ireland would be distinguished by peace or absence from the use of black troops by freedom from the curses of ecclesiastical domination." [Cries of "hear," "hear."] As to foreign affairs, the premier said that he was not a single cloud upon the horizon forbidding danger to the peace which prevailed. Though with respect to material welfare, Lord Salisbury said he could find out the most promising indications as far as industrial warfare is concerned, and the weapon of protective legislation he feared Great Britain would occupy for a peculiarly isolated position. The recent elections in America and those which the slight reaction against protection had lost its force. [Cries of "hear," "hear!"] Referring to Egypt, he said it was England's duty to regard the Egyptian government as strong enough to repel external invasions and quell internal disorders.

A Severe Winter Commencing in Europe.

LONDON, Nov. 9.—Winter is commencing with unusual severity in eastern Europe. There has been frost in southern Russia, which, it is feared, will run the winter crop. A low temperature in the north is covered with snow and severe frosts have occurred.

Celebrating Wales' Birthday.

LONDON, Nov. 9.—To-day was the fifth anniversary of the birth of the Prince of Wales. The occasion is being celebrated in a quiet manner at Sandringham, in Norfolk. There were a large number of congratulations to-day. Sir Augustus Harris, the dean of St. Paul's, and Lord Bessborough and O'Leary, representing the theatrical profession, proceeded from London to Sandringham, where they presented golden crowns to the prince. The present is a superb specimen of the goldsmith's art. It weighs one hundred ounces and the value of the metal alone is very great. The prince is surrounded by three ostrich feathers forming the coat of arms of the Prince of Wales, set with diamonds.

The Lord Mayor's Show.

LONDON, Nov. 9.—Great preparations have been made for the usual parade to-day and other ceremonies attendant upon the inauguration of Lord Mayor-Elect David Evans. The expectations of many would-be sightseers were dampened by the knowledge that the day would not be as favorable for outdoor display. Rain is falling, and it is so full that although the parade was carried out as arranged, it was spoiled by the dismal weather.

France's Claim to Tont.

GHRIELATH, Nov. 9.—The dispute between the French government and the Sultan of Morocco regarding the ownership of the oasis of Tont, does not seem to be approaching a solution, and if France remains steadfast in her determination to take possession of Tont, there will, no doubt, serious trouble follow. A majority of the parliament of the oasis do not look with favor upon the claims of either country, but desire to throw aside all foreign government and form an independent government of their own.
